C.A. No. 1:22-cv-12232-GAO

JOINT STATUS REPORT

Plaintiffs Umicore Precious Metals Chemistry USA, LLC and Umicore AG & Co. KG (“Plaintiffs”) and Defendant Trustees of Boston College (“Defendant”) (collectively, the “Parties”) together submit the following Joint Status Report:

1. Plaintiff and XiMo, Inc., the third-party that Boston College has asserted has an exclusive license to U.S. Patent No. 9,938,253, which is the focus of this action, have recently engaged in negotiations in view of potentially resolving the present dispute between Plaintiff and Defendant.
2. The Parties have been working in good faith over the past few months to reach an agreement, including multiple in-person meetings in Europe and have recently been exchanging terms for a potential settlement.
3. Given this current status, the Parties believe than an additional sixty (60) day extension of the stay entered by this Court on July 29, 2024 (*see* Dkt. 83) would be appropriate.
4. This Court has scheduled a Telephone Status Conference on March 4, 2025. The Parties are amenable to proceeding with or postponing the status conference, however the Court would prefer to proceed.
